

Workshop 4 Report

How to upgrade quality of my pharmaceutical care research design (educational workshop)

Topics as presented by participants

- ▶ Development of services
- ▶ Quality indicators & taxonomy
- ▶ Evaluation of services benefit
- ▶ Implementation research

Methods

- ▶ Mostly qualitative research
- ▶ RCT for benefits of services

Outcomes – participants' views

- ▶ I realized that we have same kind of methodological problems in different countries.
- ▶ I learned a lot about frameworks. Next time I will search for a framework at the beginning of the research.
- ▶ I learned a lot about qualitative research. It was a completely new field for me. Next time we could have a workshop dedicated solely on qualitative research.
- ▶ This was a rare opportunity to discuss methodology. Very meaningful.
- ▶ I really want to know how other solved their challenges we have discussed.
- ▶ We all have different approaches but the same goal: patient well-being.
- ▶ You are all very lovely.
- ▶ It was very interesting to learn about studies and research.
- ▶ I had to stand out of my comfort zone: present my research, to deal with basic questions (e.g. the aim)
- ▶ I received great feedback on my study proposal.
- ▶ So nice to have that many people working on my research project.
- ▶ It surpassed my expectations.
