Advancing the paradigm of pharmacy practice research to next levels

PCNE is an international association with over 140 members and observers from 32 countries. A 2-days symposium is organised every second year and offers pharmacists and researchers in the healthcare sector to meet under the umbrella theme of Pharmaceutical care*.

In 2024, we will launch two novelties: **meet in JUNE** (instead of the traditional month of February) **in Basel** (Switzerland) at the venue of the University of Basel, and celebrate the **20th anniversary** of the pharmacists' reference journal *Research in Social and Administrative Pharmacy* (RSAP) during our social event.

*Pharmaceutical care is the pharmacist's contribution to the care of individuals in order to optimize medicines use and improve health outcomes. (PCNE definition 2013)

A key topic will be the Granada statements that were recently published simultaneously in 12 journals. How can researchers contribute to strengthening the reporting of pharmacy practice as a discipline? Shane Desselle, co-author and editor-in-chief at Elsevier will shape an answer.

During workshops, participants will be invited to reflect on their own research and share their experience. A poster walk will enable first authors to present their work to all participants, and compete for the Poster prize.

For the youngest, the welcoming ceremony will be the place to be. Keep an eye on latest information on the association website!

Dr. Isabelle Arnet,
PCNE board

Registration and abstract submission starts 1st of March 2024

Preliminary program

	THU 20 June 2024	FRI 21 June 2024	SAT 22 June 2024
